BY SENATOR RENAL SEWELL.

Some grateful friend has sent ne n marked copy of the Lexington Leader, dated June 30th. It must have been sent from the Queen City of the Blue Grass, for in addressing me Campton was spelt "Cumptone." The blue peneil marks called my attention to a certain paragraph written by Col. Dancan in which he states that Wolfe county has \$300 00 worth of jackasses and 22 idiots. "Now I am in sympathy with Duncan's erusade against the boodlers and grafters of Lexington, and hope he succeed in landing them in the penetentiary, but, in order to do so, it is not necessary for him to ridicule the incknsses of Wolfe county when he can find the King of jackasses within his own hide. So, go ahend, Colonel, and give them the devil--the grafters. Our jackusses are four legged, your's are not, and have a perfect right to do a little braying without interruption on your part.
